Programme (for all levels of) Education

- School education
- Vocational education and training
- Higher education
- Educational NGOs
- Professionals and policy makers in education

End beneficiaries: pupils, students, teaching and non-teaching staff of educational institutions

Programme outcomes

- (1) Institutional cooperation at all levels of education (democracy and citizenship education)
- (2) Improved skills and competences of students, staff and other educational experts at all levels of education
- (3) Improved quality of work-based learning and youth entrepreneurship
- (4) Increased inclusion of disadvantaged groups, including the Roma population
- (5) Enhanced collaboration between Czech and donor states institutions involved in the programme

Programme goals for the 2014-2021 period

- 230 mobile students
- 180 teaching and non-teaching staff participating in mobility
- 200 participants in peer-learning activities
- 30 joint intellectual outputs in cooperation projects (joint curricula etc.)
- 10 partnerships established following the European Credit System for Vocational Education and Training (ECVET) requirements
- 70 teachers/multipliers trained in methodology of inclusive education
